Re: DRQ-2 Amended April 2002 Monthly Report (3/1/02 - 3/31/02)  
URQ-5 February, March, May, and June 2002 Monthly Reports

In response to your letters dated July 26 and July 31, 2002 concerning the above referenced reports, Dynegy Inc. Political Action Committee (Dynegy PAC) responds as follows:

Dynegy PAC has electronically filed a second amended report that corrected the Schedule B total on the Amended April 2002 report.

Regarding the payroll deduction designation of frequency referenced on both letters above, Dynegy PAC offers the following explanation:

11 C.F.R. Section 104.8(b) provides: "In each case where a contribution received from an individual in a reporting period is added to previously unitemized contributions from the same individual and the aggregate exceeds \$200 in a calendar year (or in an election cycle, in the case of an authorized committee) the reporting political committee shall disclose the identification of such individual along with the date of receipt and amount of any such contribution. Except for contributions by payroll deduction, each additional contribution from the individual shall be separately itemized. In the case of a political committee other than an authorized committee which receives contributions through a payroll deduction plan, such committee is not required to separately itemize each additional contribution received from the contributor during the reporting period. In lieu of separate itemization, such committee may report: the aggregate amount of contributions received from the contributor through the payroll deduction plan during the reporting period; the identification of the individual; and a statement of the amount deducted per pay period."

Notwithstanding the allowable and optional method of reporting receipts when an individual's deductions aggregate over \$200.00 in a calendar year, Dynegy PAC has chosen to separately itemize each additional contribution received from each individual contributor during each monthly reporting period. There does not appear to be any requirement in the regulation that the frequency of payroll withholdings be stated.

But given that Dynegy PAC reports on a monthly basis and the amount withheld for each such contributor is shown in each monthly report, the fact that such withholdings are made semi-monthly is evident from the face of the reports. I respectfully submit that such method of reporting by the Committee is

consistent with 11 C.F.R. Section 104.8(b) and that the amendments requested by your July 26 and July 31, 2002 letters regarding payroll deduction frequency are not required.
